"EIGHTY-FOUR YEARS OF FAITHFUL SERVICE
FOR SYRACUSE AND CENTRAL NEW YORK."

Qualities That Tell a Story of Progress

"Backbone" and "Fight"—Plus a Determination to Succeed—are the qualities essential to proper development.

Publishing each week day a big newspaper carrying all important Local, State and World News, Backed Up by the Cleanest and Best Features, Art, Comedy and Photography, with an Editorial Policy that stands only for Righteousness and Progress, THE SYRACUSE JOURNAL has reached a stage of development not even approached by any other Syracuse newspaper.

That's the story of why The Syracuse Journal goes into more than 45,000 homes each evening. This is a lead of thousands over other afternoon newspapers in Syracuse.

And, best of all, this superiority is maintained without resort to lotteries, coupon contests and other schemes designed to get bulk, unread circulation.

Tigris Gets Started

IT has not been so many moons since scores of jubilant Shriners marched to the New York Central station and there welcomed back from Des Moines the conquering heroes who brought from the Iowa metropolis dispensation for the establishment in Syracuse of Tigris Temple, Ancient Arabic Order Nobles Mystic Shrine. Just about one year and one-half has elapsed since the happy Nobility here acclaimed the arrival from the west of Harvey Burrill, Charlie Northup, "Bob" Roney and Will Olds. They had with them the "bacon" and in consequence of all this there was a big jubilee at Keith's theatre. Then came the ceremonial when the then Imperial Potentate Earnest A. Cutts of Atlanta, Ga., handed over the dispensation authority at the state armory. Wonderful words of praise flowed from the lips of the "Big Chief" that night because of the splendid progress that had been made by "Baby" Tigris in so short a space of time. Then came the banner event a few short months ago when Imperial Potentate "Sunny Jim" McCandless, all the way from Honolulu brought the official charter for Tigris Temple to Syracuse. That was an occasion long to live in the memories of the happy Home "Fezzites." There were other members of the Imperial Council on hand at the time and these had nothing but praise for Tigris Temple and the men responsible for its being. Illustrious Potentate William A. Fancher and his official divan were duly inducted into office and Tigris Temple started on its official way rejoicing.

### FRIENDS

To the Walk Over organization every customer is a friend. When he first crosses our threshold we regard him as a friend entering the home. His interests are our interests, his causes our causes, his satisfaction our desire.

From the minute he enters our store, we have but one aim—to fit him perfectly to the kind of footwear he both wishes and needs.

Walk Over people and Walk Over shoes are real friends—that's why everyone likes them.

Some people still believe that to use one's "best china" every day is an unnecessary and expensive luxury. But is that not entirely dependent upon the china? Syracuse China is not brittle, egg-shell china—it is so skillfully, so durably made that it is an economy as well as a pleasure to use. Syracuse China will not easily break, nick or crack. It is made well—to last. And it is so beautiful in line, coloring and design that one could not desire anything more lovely—even for very best.

When you're refitting the dining room, be sure to visit one of our distributors. Let them show you our Syracuse China patterns. Whether you want something colorful as a summer garden or almost severe in its simple dignity, you can find it in Syracuse China.

# The Charm of a Beautiful Room

CONSIDER the charm of a beautiful living room. You will find that the walls are tinted with Nature's Harmony of soft colors, that melt into a perfect background and emphasize every beauty of the furnishings.

With the aid of KEYSTONE, the modern wall finish, you may enjoy an almost infinite variety of color combinations and at the same time preserve the soft, restful effects of a true natural background.

*There is a KEYSTONE Finish for every interior purpose, each the best of its kind that modern methods can produce. Booklets and color charts are sent gladly upon request.*

KEYSTONE is a linseed oil paint which comes in a variety of shades, from the deepest to the most delicate. It is easily applied and dries with a smooth, dull surface, resembling wall paper. Moreover, it can be washed with soap and water, thus renewing the freshness of color, and keeping the walls clean and sanitary.
